Business Analyst / Operations manager

Despre mine

Good communication skills gained through my experience as sales manager, sales consultant, project manager and business analyst. Working with customers requests and complainings was a truly good experience in developing communications skills.

Leadership abilities were developed by working through and with a team of up to 20 developers and PM's.

Organisational skills were developed in the process of planning and monitoring the development plans of the software using the Agile or Waterfall technique.

Good command of all work processes in different departments of the warehouse.

Understanding and correct use of all rules for occupational health and safety.
